

Hope Medical Institute

Making World Class Physicians Today, For Tomorrow's World

February 1, 2023

Dearest Honorable Rector,

Greetings from Hope Medical Institute USA.

Let me start off by wishing you all a blessed and Happy New Year 2023.

Our prayers continue to the brave and courageous people of Ukraine as you fight for survival and freedom. The world will never forget or forgive the attack on the citizens of Ukraine by such a cruel group of people.

We pray and wish you and all the people of the great nation of Ukraine and your great university for a safe, secure and peaceful diplomatic outcome from such an unjust war.

The staff of Hope Medical Institute stands with you in such a difficult period.

May God Almighty continuously shower his blessings upon you.

Regards,

Dr. Mahendra M. Patel
CEO
