

# VASCERN Summer School 2025

The VASCERN Summer School is an educational activity organized within VASCERN through the ERASMUS+ Blended Intensive Program.

## How it's organized

### Online Module

Engage in an in-depth online learning experience from February to May, 2025. Our curriculum covers research, genetics, psychology, and medical treatment in rare vascular diseases.

### On-site Module

Attend a week-long onsite session in Paris from September 15-20, 2025. Participate in hands-on workshops, expert-led discussions, and networking opportunities focusing on rare vascular diseases.

For more details, visit our [website](#) or contact us at [erasmus@vascern.eu](mailto:erasmus@vascern.eu)

## Who can participate?

- ▶ Medical students (Undergraduate, Masters, PhD)
- ▶ Medical residents and postdoctoral researchers
- ▶ Enrolled at universities in EU Member States or third countries associated with the ERASMUS+ program

## Dates to Remember

- **Online Module:** February - May, 2025
- **Onsite Module in Paris:** September 15 - 20, 2025
