Documents on education of enrolled foreigners issued by educational institutions of other countries are recognized in Ukraine in accordance with the law. The procedure for recognizing documents on previous education must be completed within 1 year after enrollment in accordance with the current legislation of Ukraine.

Based on the results of the recognition procedure, the educational institution decides whether to continue the foreigner's education if the level of his/her entrance qualification is recognized as acceptable, otherwise the foreigner will be expelled.

If the submitted document on the educational level is not confirmed, the educational institution expels such a foreigner.
